

2 DAY

TANZANIA CAMPING SAFARI

TRAVEL  
WITH  
CONFIDENCE

A dramatic sunset over a savanna landscape. The sky is a deep, vibrant orange, with wispy clouds catching the low light of the sun. In the foreground, the silhouettes of a large acacia tree on the left and a herd of animals, including elephants and buffalo, are visible against the bright horizon. The sun is a large, glowing orb positioned centrally in the background, creating a strong backlight effect on the animals and casting long, soft shadows across the plain.

**This 2 Day Tanzania Camping Safari will take you to Tanzania's most renowned UNESCO world heritage site, the Ngorongoro Crater, as well as Tarangire National Park, a world-famous safari park known for its distinctive elephant herds. The park and the Ngorongoro Crater are not far apart, and with a variety of lodgings built up at Karatu (just outside the Ngorongoro Conservation), you can have a very fulfilling Safari In Tanzania in only two days and one night at one of the several campsites in the Karatu region, or even the Mto wa Mbu and Lake Manyara area, which is really midway between the two wildlife areas.**

# HIGHLIGHTS

- Enjoy the beautiful landscapes & enormous wildlife including a large elephant population at Tarangire National Park.
- Experience the world's nature wonder The Ngorongoro Crater with its 600 meters high walls, with a big possibility of spotting the big cats & the big 5 which includes lion, leopard, elephants, buffalo & the rare black rhino.
- Enjoy authentic interactions with locals as you visit some Masai markets on the way.

## DAY BY DAY ITINERARY

### **DAY 0: ARRIVAL DAY**

Kindly let us know if you'll need transportation and accommodation in Arusha before or after the safari; these can be included in your package. Our Tanzania Safari Guide will meet you at your lodge/hotel in Arusha either a day prior or in the morning to give you a short overview of the safari.

## DAY BY DAY ITINERARY

### **DAY 1: ARUSHA TO TARANGIRE NATIONAL PARK**

Covering a 120 km distance in a 2 to 3-hour drive, after breakfast, we'll collect you from your lodge in Arusha and journey towards Tarangire National Park. The road passes through Arusha town, allowing for any last-minute shopping. Tarangire National Park is renowned for its significant elephant population and immense baobab trees. The park is home to around 6,000 elephants, 2,500 wildebeests, and 3,000 zebras. These diverse animals move around the Tarangire Lake Manyara ecosystem. The park's main water sources, Tarangire River and Lake Burunge Dam, support a wide variety of wildlife, especially during dry periods.

Expect to see lions, leopards, hyenas, jackals, cheetahs, buffaloes, giraffes, wildebeests, zebras, and rare species such as the Great kudu, Oryx, and the Ash stalling. Bird lovers will be delighted as the park houses over 400 bird species, including ostriches, herons, Cori bastards, secretary birds, and numerous water birds. Lunch will be provided within the park. Later, we'll drive to Migombani Campsite near Lake Manyara for an overnight stay, inclusive of all meals.

## DAY BY DAY ITINERARY

### **DAY 2: TARANGIRE TO NGORONGORO CRATER AND RETURN TO ARUSHA**

The word Serengeti means endless plains in the language of the Maasai, which is exactly what you will see the coming days; miles and miles of African savannah! And trust us: it might be the most impressive landscape you will ever see. Of course, Serengeti National Park is home to an enormous variety of wildlife, which is why some many nature documentaries were shot here.

Submerge yourself in this unique landscape, while wildebeests and zebras pass you by in their Great Migration. Spot lions on groups of rocks called kopjes, leopards in single trees or cheetahs hunting for a calf in between the wildebeests. Pass by giraffes, hippos, crocodiles, gazelles and a vervet cat or wild dog if you are lucky. The epitome of romance you can experience in a hot air balloon above these plains (which can even have the shape of a heart!).

Have a lovely overnight in a luxury safaritent, with a staff that knows how to give newly weds just that bit of extra during dinner for example. Cuddle up at night while listening to the distant roar of a lion or the bellowing of the Great Migration herds. This is the true safari experience! Subsequently you will pass through the Ngorongoro Highlands on your way to or from Serengeti, an impressive landscape where you might run into groups of giraffes or some members of resident Maasai tribes.
